| ↑ | S&P | 1028.00, up 2.43 |
| ↑ | Russell 2000 | 583.22, up 2.98 |

Tuesday's volume:
NYSE: 1,295,241,970
Nasdaq: 1,886,227,526

Local stocks: Raytheon is up \$1.57, or 3.3 percent, closing at \$48.69.

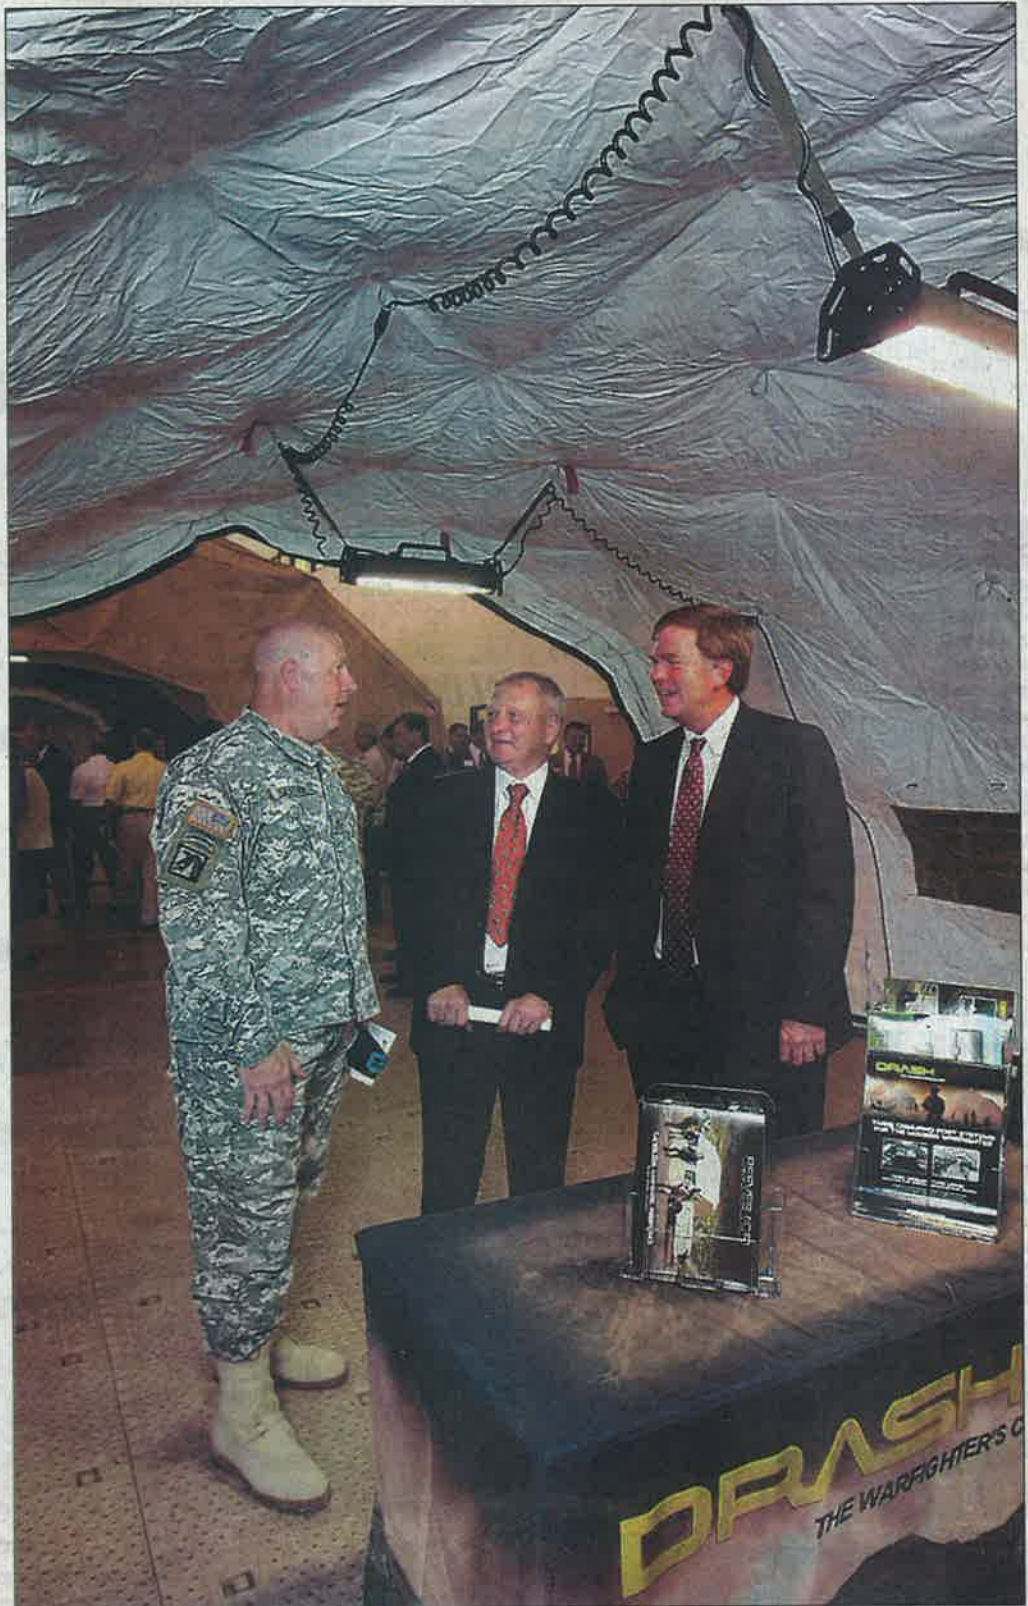

ASI contract

Huntsville-based Analytical Services Inc. was awarded an omnibus contract to provide research, development and engineering services for the Tank-Automotive Research, Development and Engineering Center. As one of 15 prime contractors awarded a contract, ASI will compete for task orders to provide services across six primary technology areas. The contract has a \$430 million ceiling and a period of performance of five years.

Colsa contract

Colsa of Huntsville was awarded a \$10.84 million federal contract by the Air Force's AAC/PKES at Eglin Air Force Base, Fla., for "the technical and acquisition management support program that provides for a wide range of diverse non-engineering, technical and acquisition management support required in the acquisition, development, production and support of various equipment and weapon systems within the Air Armament Center and other organizations at
